

# Leyland Methodist Infant School: Pupil Premium Strategy Statement

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## School overview

| Detail                                                                                                        | Data                                             |

## Part A: Pupil premium strategy plan

### Statement of intent

Our intention at Leyland Methodist Infant School, is that all pupils irrespective of their background or the challenges they face, make good progress and achieve with high attainment across all subject areas achieving our vision for all pupils to: Love, Serve and Celebrate Together. We expect staff to have the highest of aspirations for these pupils too and we want our pupils to flourish as life-long learners who have academic skills and emotional resilience to take on any challenges that they may encounter. The ultimate focus of our pupil premium strategy is to support disadvantaged pupils to achieve their full potential regardless of their starting points.

In line with our vision, we will consider the challenges faced by vulnerable pupils, to make good academic progress, achieve high attainment across all subject areas and have high aspirations of themselves, broadening their experiences in order to enable them achieve all things possible.

Ensuring all pupils have access to high-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

This Inclusive Quality First Teaching approach is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers. Within the EEF pupil premium guidance, autumn 2021, it states:

Ensuring an effective teacher is in front of every class, and that every teacher is supported to keep improving, is the key ingredient of a successful school and should rightly be a top priority for pupil premium spending.

This is the focus of the pooled use of funding through the Epworth Education Trust i.e. improving the quality of teaching for all through providing high quality CPD Trust wide based on needs and forms a significant part of our strategy.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The

approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- Adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve
- Nurture and pastoral care are key principles within this strategy.
- Ensure all pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum
- Ensure disadvantaged pupils are challenged in the work that they are set
- Act early to intervene at the point need is identified, including the use of small group and 1:1 interventions
- Provide all teachers with high quality CPD to ensure pupils access effective quality first teaching
- Enable pupils to look after their social and emotional wellbeing and to develop resilience
- Provide opportunities for all pupils to participate in enrichment activities, sport, trips, residential

Our strategy works towards a three tiered approach that balances approaches to improve quality first teaching, targeted academic support and wider strategies.

#### Our context:

There is a small inward and outward mobility. The majority of pupils are of White British heritage and come from a mixed socio-economic background. The proportion of pupils who are considered to be disadvantaged is in line with the national average. The proportion of pupils who have special educational needs and/or disabilities is in line with the national average. Currently, 18% of children are eligible for FSM (National 23.8%). The IDACHI rating for Leyland Methodist Infant School sits within the average bands for 80% of children, with 20% of children falling within the lowest 20%.

Locality data evidence levels of domestic violence, alcohol abuse, unemployment, and poor health. These impact on the children. School supports the children and families well including signposting to other agencies, counselling/play therapy for children and links to support networks.

Our pupil premium funding sets the achievements of children from disadvantaged backgrounds as a priority within our school system. We strive to close the attainment gap between disadvantaged pupils and their peers. Evidence shows that disadvantaged children generally face additional challenges in reaching their potential at school and often do not perform as well as other pupils. The school will use the funding to support these groups, which comprise pupils with a range of different abilities, to diminish any achievement gaps between them and their peers.

We also recognise that not all pupils eligible for Pupil Premium funding will have lower attainment than their peers and we should not equate disadvantage of circumstance with 'low ability'. In such cases, the grant will be used to help improve pupils' progress and attainment so that they can reach their full potential.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge, 2024-2025                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1                | Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| 2                | Reading across the whole school, in particular the attainment of disadvantage pupils, has been impacted therefore, reading is now a particular focus for all year groups to ensure that they are able to make accelerated progress towards their end of year targets.                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| 3                | <p>Our assessments and observations indicate that the education and wellbeing of many of our disadvantaged pupils have been impacted by lockdown and early childhood experiences, to a greater extent than for other pupils. These findings are supported by national studies. This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations, especially early maths reading and writing</p> <p>Our assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils. These challenges particularly affect disadvantaged pupils, including their behaviour for learning and attainment</p> |
| 4                | Missed opportunities to gain a thirst for life-long learning, cultural capital and life skills – due to limited experiences outside the home.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| 5                | Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from entry in reception through to Year 2 and in general, are more prevalent among our disadvantaged pupils than their peers.                                                                                                                                                                                                                                                                                                                                                                                                     |
| 6                | <p>Our attendance data over the last year indicates that attendance among disadvantaged pupils is lower than for non-disadvantaged pupils.</p> <p>Attendance rates of disadvantaged pupils impacts on lost teaching and learning time.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome                                                                                                                                                            | Success criteria                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Improved phonic outcomes for disadvantaged pupils.                                                                                                                          | By summer 2025, consistently meet the national figure for pupils meeting the standard in the phonic screening check.                                                                                                                                                                                                                                                                                                                                                                                                         |
| Disadvantaged pupils make accelerated progress in reading in all year groups to distinguish the difference between their attainment and that of school and national others. | <ul style="list-style-type: none"> <li>- Early identification of pupils to provide interventions so that they can accelerate progress.</li> <li>- Assessments clearly demonstrate targeted children make good progress from their starting points.</li> <li>- Intervention foci is taken from gap analysis of phonics screening and reading assessments.</li> <li>- The gap between disadvantaged pupils and national other is narrowed in reading attainment.</li> <li>- Children meet their end of year target.</li> </ul> |
| To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantage pupils.                                                               | <p>Sustained high levels of wellbeing from 2024-2025 demonstrated by:</p> <ul style="list-style-type: none"> <li>- All child progress measure</li> <li>- qualitative data from pupil voice, pupil and parent surveys and teacher observations</li> <li>- vast majority of pupils able to self-regulate and show greater resilience and confidence when facing new challenges</li> <li>- a significant increase in participation in enrichment activities, particularly among disadvantaged pupils.</li> </ul>                |
| Behaviour and attitudes of disadvantaged pupils are conducive to learning.                                                                                                  | <ul style="list-style-type: none"> <li>- Disadvantaged pupils with social and emotional needs have bespoke support that compliments the behavior policy in place (positive handling plans, visual timetables, sensory areas, targeted interventions etc).</li> <li>- Boxall profiling informs interventions</li> </ul>                                                                                                                                                                                                       |

|                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|--------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                      | <p>so that all disadvantaged pupils receive targeted support to address individual needs.</p> <ul style="list-style-type: none"> <li>- Pupils causing concern are identified at the earliest point to receive targeted support.</li> <li>- School buy in professional support and advice.</li> </ul>                                                                                                                                                                                                                                                                                    |
| Improve children's educational and cultural experiences.                             | <ul style="list-style-type: none"> <li>- Disadvantaged pupils to have at least 2 educational and cultural experiences over the academic year.</li> <li>- Visits will demonstrate pupils will meet adults in a range of jobs within a real life context and setting.</li> <li>- Pupil voice demonstrates they have an increased understanding of the contexts in which they are learning.</li> <li>- Pupils' experiences enable them to have an increased understanding of the context in which they are learning about resulting in improved outcomes, particularly writing.</li> </ul> |
| Improve the communication and language skills for disadvantaged pupils in Reception. | <ul style="list-style-type: none"> <li>- High quality weekly interventions delivered by staff</li> <li>- Disadvantaged pupils' speech language and communication needs are met.</li> <li>- Exit data for reception pupils will show PPG pupils to be in line with others in communication and language.</li> <li>- Reading, oracy and communication to be 'inescapable' – learning environment, high quality interactions, lesson planning, access to library</li> </ul>                                                                                                                |
| Improve punctuality rates of disadvantaged pupils.                                   | Overall punctuality among pupils eligible for PPG improves in order to diminish the gap between PPG and non PPG pupils.                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Improvement in attendance figures for those individuals in receipt of Pupil Premium. | <p>Monthly attendance tracking sees an improvement in attendance for each pupil with the vast majority in line with national average.</p> <p>Swift action is taken in line with revised</p>                                                                                                                                                                                                                                                                                                                                                                                             |

|  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £22, 000

| Activity                                                                                        | Evidence that supports this approach                                                                                                                                                                                                                                                                                                                                                                               | Challenge number(s) addressed |

| Rewards for whole class attendance to motivate desired behaviours and attendance within school                             | An extrinsic reward is tangible and visible which motivate pupils desire to make good choices as the reward is important. Over time, behaviours are learned and strategies for overcoming emotions are embedded, allowing the pupil to be intrinsically motivated.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | 1, 2, 3, 4, 5, 6              |

|                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |         |

**Total budgeted cost: £37,155**

## Part B: Review of outcomes in the previous academic year

### Pupil Premium Strategy Outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

#### **Review of 2023-2024:**

Through 2023-2024 PPG funding supported a wide range of trips and visitors into school which allowed all children to access extra curriculum activities to support their learning including the following:

- Y2 trip to Rock and River
- Y1 trip Anderton Centre
- Y1/2 Chester zoo in school visit
- Y1/2 Museum of Science and Industry
- Rec trip to Blackpool zoo

Attendance of our disadvantage pupils has significantly improved but remains slightly lower than other children.

Attendance of our disadvantage pupils is slightly lower than other children. This has increased in the past year from 89.26% to 94.56%

2022-2023 attendance data indicates: Non PPG Attendance – 94.39%, PPG Attendance – 89.26%.

2023-2024 attendance data indicates: Non PPG Attendance – 96.25%, PPG Attendance – 94.59%.

Attendance remains a key focus so that this continues to improve and that these improvements can be sustained over time. The attendance reward system has been redeveloped for the 2024/2025 academic year, in order to maintain the children's interests. We have implemented new attendance monitoring systems that provide significantly more rigour, enabling families to receive swift, targeted support at the earliest opportunity. There will be a clear focus on the attendance of persistent absentees from the academic year 2024/2025, as well as on vulnerable groups. This will include planning appropriately for gaps in learning, based on previous low attendance, as well as ensuring that attendance improves, so that no more learning is lost.

During the academic year 2023/2024 our disadvantage pupil attainment was as follows:

- 46% achieved a Good Level of Development in Reception

- 79.7% **non disadvantaged** achieved the required standard in the Phonics Screening Check at the end of Year 1. This is an increase of 7.2% from the previous year (22-23)
- 77.8% **disadvantaged** achieved the required standard in the Phonics Screening Check at the end of Year 1. This is an increase of 11.1% from the previous year (22-23)
- 53.3% achieved the required standard in the Phonics Screening Check at the end of Year 2.

During the academic year 2024/2025 there will be a clear focus on pedagogy for staff, in particular looking at which barriers to learning may affect some of our disadvantaged pupils. CPD will also focus on adaptive teaching, in order to ensure that the need of all children are met.

There will be a continued development of our pastoral provision, including new Attendance Lead, increased nurture provision and play therapy sessions to ensure that more children have access to focused support in a calm and nurturing environment as the earliest point and will have a focus on the whole child and whole family approach.

In Year 2 PPG children met or surpasses their end of year targets in reading and writing great depth level.

Phonics, reading and writing at KS1 has now formed a key part of School Development Planning for all children during 2024-2025 and is reflected in planning above.

In Year 1, PPG children's phonics scores increased in comparison with previous years.

Writing and reading will remind a heavy focus across 2024-2025 and this is an area for targeted intervention with PPG children, through Quality First Teaching and high quality interventions.

## Externally provided programmes

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*

| Programme                             | Provider                   |
|---------------------------------------|----------------------------|
| MARK Analysis and Shine Interventions | SHINE Trust – Rising Stars |
| Timetables Rock Stars                 | Maths Circle Limited       |
| SATS bootcamp                         | Renaissance Limited        |
| Boxall Profile                        | Nurture UK                 |

## Service pupil premium funding (optional)

*For schools that receive this funding, you may wish to provide the following information:*

| Measure                                                                        | Details        |
|--------------------------------------------------------------------------------|----------------|
| How did you spend your service pupil premium allocation last academic year?    | Not applicable |
| What was the impact of that spending on service pupil premium eligible pupils? |                |

## Further information (optional)

Leyland Methodist Infant School is part of the Epworth Education Trust – a trust that is built upon an unwavering commitment to being a place where schools, staff and pupils can succeed and thrive, where collaboration is at the heart. The EET is truly a "family of schools" that continually help each other to become even better. "Do all you can" summarises our ethos and vision as we believe anything is possible when approached with this attitude. Where the Trust has the capacity to make a difference, it feels it is morally bound to do so and one of its aspirations is to provide high quality leadership and teaching which will enthuse and inspire all learners. It is widely known that promoting effective continued professional development (CPD) plays a crucial role in improving classroom practice and pupil outcomes and it is for this reason, each school has signposted 5% of its pupil premium funds towards the EET Pupil Premium Action Plan (Appendix 1) so that together, we can provide teachers, pastoral staff and leaders at all levels with the highest quality CPD. This will effectively build knowledge, inspire and motivate staff and develop teaching techniques whilst always considering the individual context of each school. Working collaboratively in this way will enhance the learning experiences of all pupils, in all our schools. Reference: [EEF Effective Professional Development](#)

### Appendix 1

#### Epworth Trust CPD

#### Optional Training for Senior Leaders, Teachers and Teaching Assistants from academic year 2024- 2025

Dates to be confirmed: 'Behaviour Management, nurture approaches and therapeutic practice' Reachbehaviour
